

SPECIAL MEETING OF UUFA COMMITTEE 28 September 2011

All committee members in attendance:

Jonathan Carthew

Mike Cowburn

Richard Lloyd

Tony Rees

Mike Gulliford

Huw Jones

Harry Legge-Bourke

Chris Brain

Charles de Winton - Apologies.

- 1) Acknowledged the hard work of Nicholas Brabner and all his contributions over the last 20 years plus.

The Way Ahead:

- 1) It was resolved that the UUFA was not able to be a realistically functioning body in its current format. It would need at the least a full time CEO/Chairman +, if the organisation was to meet the expectations of its membership.
- 2) WUF now carries out many but not all of the duties historically monitored by UUFA
- 3) Membership consultation via the website - all members please forward ideas to the committee via the following email address huw@uskfishing.org. All proposals to be sent by the end of this fishing season whereby the committee will meet circ 27 October (tbc)
- 4) The Committee will then decide on the way forward with emphasis on the original aims of the UUFA, the practicality of running such an organisation and the member's views.
- 5) Results of that meeting will be posted on the website/circulated to members.
